Item #	Date raised	Question or concern	Response or comment	Status
35.1	03.17.15	After the recent rain storm, a small pothole formed and alligator cracking is occurring on Kenthorpe Way (in the center of road, 2/3 way up the street toward Old River)	<i>Slayden will investigate this.</i>	Open
35.2	03.17.15	Report that a yellow dump truck was driving up Mapleton Drive today, instead of existing on Kenthorpe. Aren't they supposed to exit on Kenthorpe? Request to review the conditions of approval and provide more clarification.	<i>Jeff stated that it was a Coluccio truck, operating during the Mapleton potholing work. Dennis stated that the restriction for traffic entering on Mapleton and exiting on Kenthorpe is on truck traffic related to the treatment plant activity only, not pipeline work. Mapleton pipeline work will have dump trucks in/out on Mapleton Drive, as they were during HDD pipeline work. Dennis stated that we would review the conditions of approval and report back at the next meeting with further clarification.</i>	Open

- VII. Topics of interest discussion (from II, above) (30 minutes)
 - a. Discuss new issues or concerns

- VIII. Wrap-up and next meeting: (5 minutes)

REMINDER – **The next meeting will be held on April 21, at 6 p.m.**
